## CHAIRMAN'S MESSAGE

### “MAKE TAPASYA YOUR LAUNCHPAD TO GLOBAL PODIUM”

“It's been an amazing 13 years and along the journey, we have seen the world of business undergo immense changes. There have been different milestones at different steps. While digital media and e-commerce have taken the world by storm, the COVID-19 pandemic brought progress to a standstill. The pandemic era was a phase that showed the world, “ it's not really hard to be your own boss”, if you have the right knowledge and training. However, startups, entrepreneurship and innovation came to be the words the world spoke about. This has opened up avenues for many, and that's where Tapasya is all set to groom the youngsters for the realm of Business and Commerce, which is ahead.

But what's on our side is the fact that for nearly 14 years, we have become better with our standards, practices and expanse of syllabus in Commerce and Management. The proof to this is our alumni who are placed in all major MNCs across the globe. Tapasya College of Commerce and Management (TCCM) today occupies a place of pride, respect and aspiration for those who seek to gain their education in Commerce and Management.

If you're thinking what makes Tapasya a preferred institution, there are many reasons. Right from our innovative teaching methodology, world-class infrastructure, individualized attention with a student-centric approach, highly qualified and well-experienced faculty, to outstanding placement records – we have exceptionally proved our name.

We are always aiming to “develop management leaders and entrepreneurs to meet global challenges”. Our way of imparting education involves giving our students the best education, industry exposure and career opportunities by offering them ample employment opportunities via our Corporate Recruitment Training (CRT) Program. Our programs are focused on preparing students not just academically, but for challenges in life as well.

As we look forward to another year, I'm delighted to welcome you to Tapasya to be your partner for success. “Come, make Tapasya your launchpad to global success”.

Warm regards,

**CA Sreedhar Muppala**  
Chairman

## INDUSTRIAL VISITS

The trips also assist students learn how the many sections of a business interact with one another and how they contribute to the overall operation of the organization. It also assists students in learning about the many managerial positions and duties in the organization, as well as how they interact with one another. Students can obtain a firsthand understanding of the business world and the different activities that take place within it through industrial trips.

Tapasya's industrial visits are not only about educating and delivering information to children, but also about introducing them to new things in a pleasant way. Industrial visits provide us with an overview of how businesses operate inside. We recognize that theoretical knowledge alone is insufficient for a successful professional career. Industrial tours, which strive to go beyond academics, present students with a realistic view of industry.

## INDUSTRIAL VISITS

Industrial visits appear to provide students with networking chances with the company's HR, hence enhancing students' opportunities for internships, placements, and so forth. Students are also aware of the domain wisdom, practical view on the sector, and required abilities for the business. ## WORKSHOPS

Workshops are an important part of college life. They are an opportunity for students to get hands-on experience in a particular field or subject. Workshops are often organized by student organizations, professors, and other university departments. The topics of workshops can range from professional development to leadership skills to even artistic endeavors.

Workshops provide students with the chance to learn from experts in their field. Students can ask questions and receive feedback from the instructor, which can help them develop skills that may be applicable to their future career. By attending workshops, students can also build their network of contacts, which can be extremely beneficial in the future.

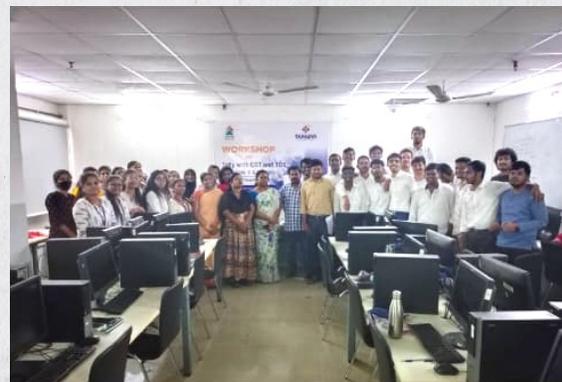

## WORKSHOPS

In addition to gaining knowledge and developing skills, workshops can also provide students with an opportunity to interact with their peers. These interactions can foster a sense of community and allow students to learn from each other.

Workshops can also be a great way to explore new interests and skills. Whether a student is interested in a new career field or just wants to learn something new, attending a workshop can give them the opportunity to gain knowledge and experience in a field they may not have had access to before.

## TESTIMONIAL

In our college, the faculty conducts activities on every ~~sta~~ saturday. One of our activity was "Best out of waste" which we have done with lot of excitement and joy. We learnt something new "Best out of waste" simply means to make something innovative and attractive of the material that is of no-use otherwise.

Our experience was so good. we enjoyed making the final product and it was excited to show the faculty. It was a group activity, so we divided individually.

Deepthi, Rinky, Vyshnavi.

## TESTIMONIAL

In Tapasya degree college [Lkph] activities are conducted on every Saturday one of these activities was Tapasyan Talks 3 different topics were given to all the 3 years. The topic for the 2<sup>nd</sup> year was "Gender inequality" is your issue" too. under the guidance of our teachers. The event Tapasyan talks was very successful. I felt very happy because it created an exposure about Gender issue.
